Hi Michael,

Do you have time for a brief call this week to discuss reports with me and Steve Kimm. There are many reports for the site and we want to make sure we get you what you need. Thanks!

Eric

I'm not sure. Any report that discusses remediation of the former performance paper property that is located just north of Alcott, the property that you need EPA to make a statement that it is not a Superfund Site.

Are you referring to the MDEQ creek relocation report or another report?

**Subject:** Performance Paper NPL Delisting

Good Morning Michael,

Can you please provide us with a status update and approximate timeline for the National Priority List delisting of the former Performance Paper site. We have a proposed developer for a portion of the site, but the developer will not be able to proceed with development plans unless and until the delisting happens. Thank you for your assistance.
